

Stronger Together - Theresa Ryan

**Stronger together is our theme
We're going forward towards our dream
A dream where everyone is included
The time has come, the day is forever
With stronger together, we can all do better.
A space is more than four walls and a floor,
It's making sure everyone fits through the door.
when we look at the world through each other's eyes
the spirit of community truly can arise.
The time has come for all to be included.
No one will be left out from this point. I will shout.
Inclusion is welcoming every unique voice**

**Making accessibility a natural choice.
It's knowing that value is found in us all
Ensuring no one is left out small or tall
Stronger together, lets cling to the dream
Stand strong proud and true
Everyone from me to you
With hearts open wide and working as one
The work of belonging had only began
May God grant us a stronger view
Stronger together, make this true
That we will stand all anew
Stronger together.
Hand in hand, we weather the weather.
Included, invited and stronger together.**
