Everyone Welcome

## Mayor's Corner

May, 2019

In the last number of months I have been reporting to you about the different roles and responsibilities of the employees of the Town of Oxford. Today I would like to talk about our employees that work at the town hall office. Linda Cloney, Cathy Smith, and Mary Lou Phalen are the first smiling faces that you see when you enter the building. They are responsible for the day to day operations. Linda is Deputy Clerk and she deals primarily with the finances of the town, and she is also our Public Relations/Media person. Cathy and Mary Lou answer inquiries, telephones, do billing, and take payments. Although that is a very small scope of what they do, they are an invaluable part of our team, and I feel so fortunate to work with such positive people.

Here is some great news.....Recently Bill Casey was in town to make an announcement that the Federal Government will be funding half of the cost to get the testing done at the sinkhole. The provincial government has committed the other half. This is such a huge relief, as now we can move forward and find out what is going on underneath the ground surrounding the sinkhole and other areas. The impacts and negative effects that this has had on our Lions Club and their property is insurmountable. The last eight months has not been easy for the Lions, the town and our residents. Now it is time to find out how we can all move forward. In the next few weeks you will see a lot of activity at the Lions Park, and that is certainly very welcome news.

Until next month.....

Mayor Trish
